ONE WILL BE QUEEN—Candidates chosen by vote of the student body for the 1970 Gould Academy Winter Carnival Queen are (left to right): Nancy Creteau, Cape Elizabeth; Tricia Devlin, Roslyn Heights, N. Y.; Vicki Drake, Rye Beach, N. H.; Susan Pierce, Carmel; Candy Stone, Duxbury, Mass.

The queen will be chosen from the five candidates by a second vote of the student body. Her identity will be known at the coronation this Thursday evening, Feb. 5, at nine o'clock. The traditional outdoor coronation on the evening of the Carnival Holiday is a torch light

ceremony conducted by the members of the varsity boys' ski team. For years her majesty rode to her coronation in a sleigh; a recent innovation has been the parade to the throne of snowmobiles carrying the queen and her court. Headmaster Richard Dolven will place the crown on the Royal head, and the queen in turn will knight each member of the boys' varsity team.

The festivities of the Winter Carnival include a school holiday Friday for skiing competition between classes, winter sports games and competition; and a Carnival Ball, Saturday, Feb. 7.

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

The last storm has created many very bad situations on our roads. Culverts and drainage ditches were frozen before, now the excess water has no place to go except in the roads.

Budget Committee recommendations for 1970 will increase our total budget to be raised by taxation \$60,817. Local expenditures were reduced \$4,335.

The School District has found they may receive \$20,000 less in subsidy than expected. If that is true, our assessment will increase another \$7,300 more than was anticipated at the last Budget Committee meeting.

At the present, using the same valuation as last year our tax rate will be \$48.00 per thousand. There should be some increase in valuation so with the expected school cost increase we should maintain the \$48.00 rate.

Candidates who desire to have their names listed on the annual election ballot must file their nomination papers by Monday, Feb. 9.

Town meeting will be held March 2. Voting for officers will start at the Fire Station at 10 a. m. The rest of the articles will be acted upon in the evening, commencing at 8 p. m. in the Auditorium at Telstar Regional High School.

Elwyn N. Dickey.

SALVATION ARMY DRIVE COMPLETED

The Bethel unit of the Salvation Army just recently completed its annual drive and wishes to express its appreciation for the generous response received for this worthy cause.

This last year the local unit which consists of the towns of Andover, Bethel, Greenwood, Hanover, Newry, and Woodstock, had provided clothes for a needy family; a wheel chair for an invalid; meals, lodging and gas for a family stranded in Bethel; donations to fire victims; meals, lodgings and boots for "walking travelers" and a Christmas offering to a deserving couple in their sunset years.

The officers of the local unit wish to thank everyone who took part in the recent drive. And to those who contributed, "You gave so that others could be just a little happier. Thank you."

PINELAND SKI CLUB PLANNING TO SEND JR. CROSS-COUNTRY TEAM TO USEASA MEET

The Pineland Ski Club of Andover is presently raising money to send its Junior Cross Country ski team to the 1970 USEASA Torger Tinkle Championships at Williston, Vt., on Feb. 15. There will be four groups for boys and four for girls age 13 and under. Skiers from all over the east are expected to participate.

The Bethel Evening Extension will meet Tuesday, Feb. 10, at Abbie Brown's home at 7:30. As there has not been any interest shown in making lampshades, the meeting will be devoted to general needlecraft. The clothing leaders will have a display of interest to those who sew. Bring refreshments as usual.

Special Agent in Charge of that Division.

Mr. Sullivan is the son of Mrs. Alina Sullivan of New Britain, Conn., and is married to the former Miss Lillian Guernsey, daughter of Mrs. Gladys Guernsey of Bethel. Mr. and Mrs. Sullivan are the parents of a three-year-old son David.

REDUCTION OF STATE FUNDS INCREASES S. A. D. 44's 1970 NET PROPOSED BUDGET

Word was received this week that there was a likelihood of a reduction of some \$20,000 in the amount of State subsidy available to S. A. D. 44 this year. It has been learned that the District's board of directors on Tuesday evening decided against reducing a 1970 gross budget of \$1,573,075 approved last week.

As a result of this expected loss of \$20,000 in estimated receipts, the break-down of the gross/net budget is now as follows:

Total gross budget \$1,573,075
Less estimated receipts 722,108

1970 Net Budget \$ 850,967

Below is an unofficial town-by-town assessment of \$850,967 net budget, with the percentage of the total each town will bear:

Andover	32.37%	\$275,458
Bethel	36.56%	311,113
Greenwood	13.71%	116,668
Newry	4.34%	36,932
Woodstock	13.03%	110,796

NORTH WOODSTOCK HOME GUTTED BY FIRE WEDNESDAY

The Woodstock fire department under the direction of Chief Harold Tyler, responded with three trucks at 2:15 a. m. Wednesday to the home of Mr. and Mrs. John Hemingway, North Woodstock, which was gutted by fire.

The flames, apparently originating from a chimney fire unknown to the occupants, gained much headway on the main part of the frame building before arrival of the firemen. Water was pumped from a nearby private pond. The blaze was reportedly under control at 5:30 a. m.

Mr. and Mrs. Hemingway are living in the kitchen section of the house, which sustained only water damage. Estimate of the loss has not yet been determined, although reportedly it is partially covered by insurance.

Robert Stearns has returned home after being a patient at the Rumford Hospital.

BETHEL BUDGET COMMITTEE RECOMMENDS \$157,148 FOR NON-SCHOOL PURPOSES

The Bethel Budget Committee has made recommendations totalling \$157,148 for non-school purposes in 1970. In 1969 a total of \$161,133 was raised at the annual meeting for non-school purposes.

Reductions were recommended in the amounts to be raised at the annual meeting, March 2, for the following accounts: Miscellaneous, Shade Trees, Sewers, Winter Roads, Garage Maintenance, and Chamber of Commerce.

Major increases will be noted in Hydrant Rental, from \$2,070 to \$8,000; Surface Drains, \$2,500 to \$7,000; A. D. C., \$2,000 to \$6,000; and Interest, \$2,500 to \$7,200.

The \$6,000 figure for Hydrant Rental reportedly approaches a figure which the Maine Public Utilities Commission says the Water District should realize for providing fire protection.

The increased funds for Surface Drains hopefully will provide funds to reconstruct the culvert where Sanding Brook crosses Main Street near Brooks Bros. Store and the Nainey Block.

More money is needed to cover the town's share of Aid to Dependent Children payments, as more become eligible under the program, and receive higher benefits.

The larger amount in the Interest Account reflects the higher rate expected to be charged the town for temporary operating funds.

GREENWOOD CITY

— Mrs. Collista Morgan, Corres. —
It is a special thing to make the first track across a snow-blanketed field and into the forest. On Wednesday I did just that when for the first time I tried out my new "Christmas Snowshoes". The webbed wake was interesting to look back on.

Leaving home at one thirty I went across and up pond. In my pocket was my usual companion, my camera, and a Spy apple. Later when I ate it, it was like biting into a snowball, only much more tasty.

The stillness of the snow and ice lay on pond and fields, solid white everywhere and a special white in the woods.

Entering the swamp area there were cat-tails in small jungles, erect and sounding like scabbards as they rattled their dry stalks.

A rather cloudy sky looked down as I moved on through the swamp lands, following the more open trails. I noticed the tracks of foxes. They ran in pairs which is their nature at this time. Only a few evenings before I had heard their call, a sharp bark or high pitched yowl, some distance from home. Maybe today they were seeking the rabbits in this section which provides much of their diet. In Aesop's Fables the fox lives by its wits, and lives well. Thoreau's famous piece on the fox circling over the snowy hills of New England, says it has a precarious life indeed. The truth lies probably in the middle.

From the marsh I entered a field where the small pines were ice-encrusted beneath held tightly in winter's cold embrace. They looked like many little sentinels, greening the meadow and doing the hardest kind of job, just trying to get a start. Stopping to listen I heard the gentle rustling breeze which was helping them to tune their harps for the cold and frosted band.

Several yards away I came upon the blow-out in the snow where the partridge with a blast of noise took off from his self-heated shelter. He is always startling.

Crossing the Sanborn River well up stream I noticed a very large yellow birch tree nearly gnawed through by our engineering genius, the beaver. I wondered why he never finished. Perhaps one of the trappers up that way got him before he completed his work. They must work around the clock in fall to get their winter's supply of bark. One adult consumes many pounds each month.

Through the forest trails I went to a section of high ground, not looking back until I reached the top of the ridge. I wanted to save the view until I could look out over the valley before starting for home. As I looked down on the natural beauty and resources, I wondered how long it would stay that way. Conservation is a struggle and man has left ugly scars on the face of his world.

I liked this little bit from "Discovery", a paper sent to me by a thoughtful friend in Port Chester, N. Y.

"Go out alone among the trees; be still and look about. A peace is there, a silence. The air is fresh and clean and pure. The ice is on the water and a chill is in the air. The trees stand strong against the wind—no leaves to rustle anymore. Yet pine trees whisper back and forth and squirrels scamper to and fro. Then comes the hush of fresh soft snow. The beauty of our Maker's hand is present still; but it is up to us to protect it and preserve it."

Your wilderness awaits you for something as simple as a snowflake

The Selectmen have received the Annual Town Reports from the printers and they are being distributed. The warrant for the annual town meeting, which will be held at the Grange Hall March 2, at 7 p. m. contains 37 articles, most of which are routine. One article, inserted by request, is to see what action the Town will take in regards to refunding the 1969 Snowmobile tax. However, since this article was inserted, the Selectmen have been informed by legal counsel that no action could legally be taken on this article. The Selectmen had previously been informed by the State Tax Assessors' Office that they could not legally refund this tax. Another article asks for an appropriation of \$36 to be paid to the Androscoggin Home Health Services, Inc. Since this organization has taken over some of the services previously performed by the State Nurse, the State Dept. of Health and Welfare has suggested that this appropriation be made instead of the appropriation regularly made for the School Nurse. The appropriation would be used to help provide Home Nursing Services to residents of Newry, who were unable to pay for these services. Anyone wishing more information on these services may contact their doctor or the selectmen.

If the proposed school budget is as vast as a range of mountains. In a troubled world there still runs a stream of serenity for those who seek it.

accepted by the voters at the District Meeting to be held in February. Newry's share will be \$36,061, up \$7,174 from last year. Total appropriations last year were \$38,558, only \$2,494, more than this year's school budget. Because of a large increase in AFDC grants since Jan. 1, an increase will be necessary in the amount originally budgeted for this account, unless a law now before the Special Session of the Legislature to eliminate the 18% payment by Towns for AFDC is passed. There has been a large increase in the AFDC grants over 1969, some grants having nearly doubled. This account should be increased from \$1,000 to \$1,500; unless the 18% payment by Towns is removed. This would make the total budget, for accounts other than schools, \$10,440.44, compared to \$9,068 for last year. This would indicate a substantial increase in the tax rate for 1970.

Originally, two budgets were prepared for town accounts, one for 12 months and one for 15 months. However, since the Uniform Fiscal Year Law has now been repealed, it will not be necessary to consider the 15 months budget, which would have, of course, resulted in an even larger increase in taxes for this year.

The year closed with \$1,757.46 in 1969 taxes and \$14.94 in prior years' taxes uncollected. Some \$600 of this amount has been collected since the first of the year.

Mr. and Mrs. Stanley Poreda of Flint, Mich., are receiving congratulations on the birth of a son, born Jan. 31. The baby has been named Scott Jonathan. Maternal grandparents are Mr. and Mrs. Bernard Powers, Newry.

Christian Science

Would you like all the Lord's gifts more plentiful, and that the Lord would put his spirit upon you? These words of Moses in Numbers are part of the lesson for the week of Feb. 1-7. The lesson will be read and taught in Christian Science churches.

At First Church of Christ Science

11th, Main and Tenth Sts., Berlin, N. H., services begin at 11 a. m. Every one is welcome.

A passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy in the lesson is: "And so those apostles who were Jesus' students, as well as Paul who was not one of his students, healed the sick and reformed the sinner by their religion. Hence the mistake which allows words, rather than works, to follow such examples!"

The Christian Science Radio Series "The Bible Speaks to You," is broadcast each Sunday over Station WMOH, Berlin, N. H., at 8:15 a. m. The theme on Feb. 8 will be "Purposive Activity for Everyone." A Christian Science Reading Room is now open in the business district in Berlin, N. H., at 124 Main St., from one to four every Tuesday, Thursday and Friday. The public is warmly invited to attend.

A foul shot with only three seconds left on the clock gave Fryeburg a 62-61 overtime win over Gould Academy on the loser's court last Friday evening. JUNIOR GIRL SCOUTS

On Tuesday, Troop 574 met in Garland Chapel at the Congregational Church for our Court of Awards Tea. Mrs. Cox was unable to be there, so Mrs. Davis and Mrs. Littlefield helped us with the program for our mothers and other guests.

We had a flag ceremony led by the Juliet Loew Patrol. Mrs. Davis led us through the candle lighting ceremony and we repeated the Girl Scout Promise and Laws. Mrs. Littlefield played the piano so we could sing "Where'er You Make a Promise."

Cathy Smith told about the patrol system and then we had a patrol leader installation. The new patrol leaders are Debbie Dugway, Lorna Bean, and Lauri Littlefield. Then we sang "Girl Scouts Together."

Debbie Beck told our guests about the badges we have earned. Our leaders presented badges to the following girls:

Lorna Bean, Melinda Bean, Debbie Beck, Brenda Buswell, Carolyn Cousins, Marianne Cousins, Marya Dornkowski, Debbie Dugway, Sharon Littlefield, Patricia Owen, Debra Raymond, Tammy Roberts—Health Aid Badge; Melinda Bean—Observer, Rambler and Housekeeper Badges; Jane Hathaway—Health Aid and Water Fun; Lauri Littlefield—Cook, Hospitality and Health Aid; Paula Mills—Water Fun and Health Aid; Cathy Smith—Outdoor Cook and Health Aid; Nancy Brown earned the My Home badge, but was absent from the meeting.

Some of the girls in our troop cooked and served the refreshments. We had an exhibit table with our emergency telephone cards, first aid kits and bandages on it.

We closed with our friendship circle and closing song. — Sharon Littlefield, Troop Scribe.

Another hawk, much smaller than the first, has been bothering our birds the last few days and this Sunday morning made one big swoop at one of our cats. But lucky, all he did was hit the window as the cat was on the inside with two windows between them. Sorry they are so hungry and pestering to the small birds.

The last week of January was its best as far as temperature as it got

STUDENT COUNCIL REPORT

Theater Arts

"It gives me a chance to express myself, you know, it's really a great class." A fellow student was talking about the new Theater Arts Class. I only visited the class twice and I could sense that the kids were having a good time. They find what the theater is all about. Students do their own lighting, directing, make-up, costuming, playwriting, production, scene design, set building and of course acting, choosing which they want to do.

The first time I watched the class there were twelve people on the stage reciting vowels with all the volume they could muster. The teacher, Mrs. Davis, said this promotes better enunciation of vowels that are, too often incoherent. At the same time this was happening, three boys balanced themselves from the ceiling, adjusting lighting for tomorrow's class.

My second visit, I found more students on the stage, this time doing "improvisations." Students are given a few minutes to decide upon a skit, then they do it on stage in pantomime. Onlookers voice guesses as to what they are doing.

All classes are held in the auditorium, which gives the atmosphere of the theater to the course. I think what makes the whole thing so great

up to 45 above one day, and Feb. 1 it was 43. Guess the ground hog will be out to see his shadow.

Mr. and Mrs. Bryce Yates and family were Sunday callers of her parents, the Arthur Myhralls, in Andover.

Is that almost everyone is more or less a performer. And here is the opportunity to perform.

Maybe I have made Theater Arts sound like an "all fun, no work"

course. If so, this is very untrue. Each student works on an individual project. Aside from class, a lengthy progress report is due each week. Every student chooses his own project from the wide range of theater

activities most interesting to him.

Sixty students are enrolled in Theater Arts and as with all courses at Telstar, the public is invited to come and observe. Classes meet at 9:15 and 1:15.
